

## Weedon Island Adult Archaeology Spring Camp

**MARCH 23 - 27, 2026**

### DISCOVERING WEEDON ISLAND'S ANCIENT PAST

Experience hands-on archaeology at Weedon Island Preserve, one of Florida's preeminent archaeological sites. Work with professional archaeologists and researchers to uncover clues about the culture and lifeways of the early people who inhabited the Tampa Bay region. You will contribute by:

- Assisting AWIARE researchers in excavation, recording data, screening sediment, and collecting artifacts, bone, and samples.
- Helping to analyze artifacts and process findings in the lab.

You will be part of a small group limited to eight participants each week. Participants will rotate daily between field work and lab analysis. Introductory lectures will be given by archaeologists, Dr. Robert Austin and Dr. John Arthur.

This camp is an active participant level with walks to the site of almost one mile over some uneven terrain.

**Expedition cost:** \$550, includes daily lunch at the AWIARE Research Station and field trip to a local archaeological site.

For more information, visit the AWIARE website at [www.awiare.org](http://www.awiare.org).  
AWIARE Research Station is located at 1500 Weedon Drive, St. Petersburg, FL 33702

AWIARE is a non-profit (5013C) organization that has as its goal to promote and facilitate long-term archaeological research, scientific exploration, and public education at the Weedon Island Preserve and the gulf coast region.
